

"The Perfect Place" for Children

a quality learning center

March 8, 2012

RE:
Acorn Design Company
Eric Grossman
40 Maggie Ln
West Barnstable, MA 02668

To whom it may concern:

Over the winter, we contracted Eric at Acorn Design to consult with us on creating a sign-in/out system for our three schools. His knowledgeability guided us through our options, and ultimately we were very satisfied with our cost-effective decision to go with a secured website accessible by mobile tablets.

Eric was able to work with all of our specifications to best integrate the new website into our existing corporate image. The sign-in system is a seamless extension of our own website, and our parents found it to be professional-looking, very intuitive and easy to use. We have confidence that he has developed a high quality end-product that will keep us at the forefront of our field via technology for many school years

For his attention to detail and willingness/ability to manage all of our function requirements - at a reasonable price - we would recommend Eric to anyone looking for assistance in developing customized websites or mobile applications.

Sincerely,

Suzi Houde, A.V.A.
